20TH OCTOBER 2016
IoT FORUM

We are proud to announce the first edition of the IoT Forum at Tour & Taxis.

This Forum aims to explore the very latest in technologies, the market evolution, new solutions, innovative technology and trends.

Understanding how it will change the way businesses, governments and consumers interact with the physical and digital world. IoT can be and will be a game-changer for companies as well as a challenging revolution.

The new rule for the future is going to be « Anything can be connected, will be connected ».

The IoT Forum will bring together industry leaders, innovators, investors and entreprise come and discover new technology trends, discuss security and standardization, to explore new concepts, create new leads and attend a rich and innovative programme of conferences and workshops.

Join us and discover the impact of Internet of Things today as well as the opportunities for improving the futur.
